Missouri Steer (Heifer) Stocker Formula for 10/31/2022

Monday's Missouri Stocker Formula consists of **3162 (3298)** head with a weighted average weight of **549.19 (536.19)** lbs. and a price value of **184.02 (162.18)**, 1.78 higher (3.56 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

Missouri Weekly Cattle Auction Summary 10/31/2022

Compared to last week, feeders sold steady to 3.00 higher with several load lots of yearlings sharply higher. The supply of feeders was moderate with 54 percent of the feeder offering over 600 lbs. Several load and multi load lots of high quality feeders offered at barns this week. Demand for feeders is moderate. As October comes to an end and wraps up "dead calf month" and the weather becomes more stable buyers are able to deal with those calves with little to no health programs a bit better. Although they will always be less desirable discounts are becoming less. Rains have brightened the moods and even some talk of wheat pasture possibilities in parts of OK and TX providing some much needed outlets besides straight to crowded feedlots. As mentioned earlier several loads and multi load lots were offered at various sales this week. The largest was a multi load lot which sold at Mo-Kan Livestock Market in Butler and consisted of 316 head of high quality reputation steers with an average weight of 824 lbs. and sold for 188.00. Despite the much needed rains that fell the drought has and continues to affect markets. One eye catching fact that has been noticed has been the lower prices for replacements. Going into winter no one has any extra feed and there are many more sellers than buyers for extra mommas currently. Very few pairs will top the 2k mark and it's almost impossible for bred cows to bring that, even though some producers have been forced to turn loose of some very good quality cows. Boxed beef cutouts gained significant ground with choice closing at 263.26, up 9.55 and select closing at 234.49, up 10.13 compared to last week. Negotiated feedlot sales as of Friday afternoon was near 82K head. Live sales were reported from 151.00-155.00 and dressed sales 240.00. The Missouri Stocker Formula consist of 3162 head with a weighted average weight of 548.19 lbs. and a price value of 184.02, up 1.78 from last week. The steer/heifer spread is 21.84.

*Graph is updated the first Monday of each month.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW 10/28/22

Thus far for Friday in Nebraska and Western Cornbelt negotiated cash trading has been slow on light demand. In both regions a few live and dressed purchases traded from 152.00-153.00 and at 240.00, respectively. However, not enough purchases in either region for a full market trend. In the Southern Plains negotiated cash trading has been at a standstill. Thursday was the last reported market in these regions. In the Southern Plains live purchases traded at 150.00. In Nebraska live and dressed purchases traded from 152.00-153.00 and at 240.00, respectively. In the Western Cornbelt live and dressed purchases traded from 151.00-153.00 and at 240.00, respectively.

BROILER HATCHERY 10/26/2022

Broiler-Type Eggs Set in the United States Up Slightly

Hatcheries in the United States weekly program set 235 million eggs in incubators during the week ending October 22, 2022, up slightly from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.0 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

Broiler-Type Chicks Placed in the United States Up 6 Percent

Broiler growers in the United States weekly program placed 188 million chicks for meat production during the week ending October 22, 2022, up 6 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through October 22, 2022 for the United States were 7.92 billion. Cumulative placements were up 2 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/27/2022

Rains fell around the state with many areas reporting in the 1-3 inch range. It has been so dry however, that the moisture was absorbed so fast the creeks didn't even start to run and combines were back in the fields the very next day. It's nearly impossible to drive any distance without seeing a flatbed or a bumper hitch loaded with hay on the roads now. Many farmers know they don't have enough for winter and currently feeding so the market is pretty active. The supply of hay is light to moderate and demand is moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

- Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
- Alfalfa - Premium 180.00-250.00
- Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale
- Alfalfa - Fair 125.00-150.00
- Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale
- Mixed grass - Good/Premium 125.00-175.00
- Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale
- Mixed grass - Fair 50.00-85.00 per large round bale
- Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.
